

Q. WHAT IS THE COST OF A VILLA WEDDING OVERALL?

A. Like weddings anywhere, cost varies based on a variety of factors: number of guests, location, time of year, complexity of catering, etc. In our experience, an average of about \$2,000/guest is the norm at a private villa. This does not include airfare or other travel-related expenses, such as hotel stays for guests.

Q. CAN I RENT A VILLA FOR THE CEREMONY ONLY?

A. No. None of HV's villa owner/partners permit one-day rentals for an event only. Minimum durations vary from three to seven nights, depending on the property and season.

Q. CAN ALL GUESTS STAY AT THE VILLA?

A. For small groups involving just family or a few friends, there are plenty of options that could work. Parties of 25 or more will "spill over" into nearby hotels.

Q. HOW DO WE INVOLVE A WEDDING PLANNER IN OUR PREPARATIONS, IF WE DON'T ALREADY HAVE ONE?

A. Our owner/partners have good relationships with wedding planners in their respective regions; these local organizers understand the logistics of the villas, which is a big advantage. HV cannot recommend a wedding planner in North America, nor can we provide the planning ourselves (although we gladly act as an intermediary between you and a planner when necessary).

Q. WHAT HAPPENS IF THERE IS RAINY/INCLEMENT WEATHER ON THE DAY OF?

A. As anywhere, adverse weather is a risk that can't be averted, even in the typically fair season. The best way to mitigate is to choose a villa that provides a rainy-day contingency, such as an indoor space that can serve as back-up or a tentable outdoor area such as a lawn or tennis court.

Q. IS IT POSSIBLE TO DO AN INSPECTION OF THE VILLA PROPERTY IN ADVANCE?

A. For most of our villas, yes, subject to availability. HV will work with you and the owners to set up a date and time in which the property is unoccupied.
